PROFESSIONAL OBJECTIVE

Detail-oriented and analytical aspiring Junior Data Analyst with experience in data collection, validation, reporting, and database management. Proficient in Excel, SQL, Python, and data visualization, with a strong ability to transform data into actionable insights and support data-driven decision-making.

PROFESSIONAL EXPERIENCE & PROJECTS

Special Program for Employment of Students (SPES)

June 2024 – July 2026

Enumerator (Calamba City Hall)

- Collected, verified, and maintained data across Agriculture, PDAO, and DepEd programs, ensuring accurate and reliable records for reporting and planning.
- Conducted field surveys, interviews, and data-gathering activities to collect demographic, educational, agricultural, and beneficiary information.
- Organized, encoded, and managed datasets, improving data accessibility and supporting efficient information management.

City College of Calamba

Jan 2025 – Dec 2025

I-SEE YOU: DIGITAL EYE MONITORING SYSTEM FOR MONTES-OLIVA OPTICAL CLINIC

- Designed and developed a digital monitoring system, streamlining the tracking of patient eye examination records.
- Created and managed a structured database, ensuring accurate storage and retrieval of patient information.

EDUCATION

Bachelor of Science in Information Technology

Oct 2023 – June 2027

City College of Calamba

- Relevant Coursework: Database Management Systems, Data Structures and Algorithms, Statistics and Probability, Systems Analysis and Design, Information Management, and Project Management.
